IMAILE
Innovative Methods for Award Procedures of ICT learning in Europe

Final phase of IMAILE PCP has started - two remaining suppliers

After the first two phases in the selection process of IMAILE Pre-Commercial Procurement **two awarded solutions** started into the final phase in January 2017 when the suppliers are still performing research & development activities.

IMAILE Pre-commercial Procurement (PCP)
Developing RTD of personalized STEM learning

Phase 1	Phase 2	Phase 3
Solution design up to 8 suppliers	Prototype up to 4 suppliers	smaller test series up to 2 suppliers

Supplier 1
Supplier 2
Supplier 3

Supplier 4

Supplier 1
Supplier 2

Pre-commercial tender

3 PCP stages with one framework contract:

- **Phase 1: Solution Design** *(completed)*
  380 000 EUR (up to 8 suppliers funded, duration of 3 months)

- **Phase 2: Prototype Development** *(completed)*
  1 520 000 EUR (up to 4 suppliers funded, duration of 6 months)

- **Phase 3: Pre-Commercial small scale product/service development** *(ongoing)*
  1 900 000 EUR (up to 2 suppliers funded, duration of 7 months)

We proudly present the final competitors in IMAILE PCP:

YipTree

YipTree is a personal learning environment (PLE) made by using latest web technologies that brings high performance and easy-to-use user interfaces for end-users. Our modern user interface is specifically designed for students and teachers in primary and secondary schools. YipTree is a cloud service that can be used with any device and can be accessed anywhere with single sign-on for all integrated services.
[Almerin Ky, Finland]

AMIGO

AMIGO is a flexible, scalable and cost-effective cloud-based digital learning ecosystem that delivers a user-driven and adaptive technological solution focused on STEM. AMIGO allows the guided acquisition and evaluation of knowledge and competences, helping teachers and students to achieve a more personalized learning and better results in STEM domains, and prove their acquired abilities in view of their entry on the labour market.

Details of selection results and all solutions can be found at: http://www.imaile.eu/public-tenders

Ready for testing of prototypes

The tasks for the next **seven months** will include the **testing of the prototypes in real scenarios** in schools in the procurers' countries. IMAILE procurers have selected schools in four countries to provide real classroom testing environments to our suppliers. The active Primary and Lower Secondary schools who are to try out the innovations and provide feedback are from:

- Sweden – Halmstad municipality
- Finland – Konnevesi
- Spain – City council of Viladecans
- Germany – Region Saxony Anhalt

Keep up to date at IMAILE School portal

Co-funded by the European Union

Future plans - accelerating Education Technology - looking for procurers

IMAILE partners are planning to prepare a follow-up project after ending IMAILE in January 2018. To strengthen this work we work on a proposal to the following H2020 call: http://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/topics/ict-33-2017.html (theme A).

In the project we will create a network of European procurers for Education, detect common future demands, prepare a PPI & a PCP and create a roadmap that can accelerate the use and development of Education technology.

We search for procuring organizations who are interested in real innovation of the education sector. Please contact Ms. Ellinor Wallin (Project manager of IMAILE) ellinor@euprojektkonsult.se if you would like to join us **before 15/3 2017**.

Save the dates and meet us

eafip **Workshop for public procurers in the sectors of education, recreation, culture and religion**

17 May 2017 - Berlin (Germany)

http://eafip.eu/events/workshops/education/

SALES PITCH in procurer countries
Demonstration of solutions for ministries and organisations of interest

September/October 2017 - Sweden, Finland, Germany, Spain

Dates will be announced at http://imaile.eu well in advance

Estonian Presidency Event - Annual EU innovation procurement

17-18 October 2017, Tallinn (Estonia)

http://eafip.eu/events/3rd-major-eafip-event-tallinn/

Final IMAILE conferences

November 2017 - Viladecans (Spain)
December 2017 - Halmstad (Sweden)

Dates will be announced at http://imaile.eu well in advance
