

The Almerin Personal Learning Environment is an adaptive, accessible, and easy to use solution providing smart services for the realisation of personalised learning including individualised learning paths, support of different learning strategies, and intelligent tutoring for primary and lower secondary schools.

The Almerin PLE will offer a single access point to repositories of freely available learning content, learning apps, services and tools education through the application of open standards.

Through the provision of own communication and collaboration functionalities and the integration with widely used social media pages, the Almerin PLE enables students to learn, share and interact with their friends, teachers, and other stakeholders such as their parents.

The Almerin PLE supports bring your own device (BYOD) through the provision of a device and operating system independent solution, and lifelong learning through the integration of an ePortfolio solution.

Almerin PLE provides a unique user experience through an innovative user interface where elements of gamification are being utilized. Overall, the Almerin PLE provides a highly motivational environment for formal and informal education.
